

STATE BUDGET
IN THE SENATE

General Appropriation Bill Introduced by Lewis.

SUM OF \$1,668,535 ASKED FOR

ALL THE ITEMS, HOWEVER, WILL HAVE TO BE TRIMMED.

CHAIRMAN A. B. LEWIS of the state senate appropriations committee yesterday introduced the state budget. The total appropriation contemplated by the bill, which is senate bill No. 188, is \$1,668,535, as against \$1,568,425 actually appropriated for the same items two years ago. Other appropriations are asked for, bringing the total up to \$1,668,535.

The amounts specified in the measure represent the requests of the various offices and institutions. In nearly every item there will be a reduction, according to Senator Lewis, as the committee will endeavor to trim appropriations down to the estimated revenue of the state, \$1,460,000. Inside of the last-mentioned amount will have to be crowded all the items not included in the budget, the amounts of which are given above for two years ago and this year.

Following is the bill:

DON'T BE FOOLED INTO DOING SOMETHING ELSE.

"After what I have taken and done it is no wonder I am glad of an opportunity to recommend what cured me to my friends.

"I suffered intense agony from gravel for nearly five years.

"For five or six weeks at a time I could not work, the pain was so great. My kidneys and bladder were in horrible shape. My back ached so I could not sleep. I had no appetite at all.

"I tried about every doctor in Syracuse but they failed to help me.

"I used nearly all the advertised medicines without any benefit.

"This was my dispiriting condition when I began the use of Dr. David Kennedy's Favorite Remedy. I used only four bottles and I consider myself cured. I have no backache at all, no pain in passing urine, my appetite is splendid.

"It helped me from the start, and I gained twenty pounds in weight."

FRED HOFFMAN.

1211 Lodi street, Syracuse, N. Y.

Dr. David Kennedy's Favorite Remedy is a vegetable help to the stomach and bowels in performing their duties properly. It overcomes and permanently cures dyspepsia, indigestion, biliousness and rheumatism. It is absolutely harmless and purely vegetable. It contains no narcotics or minerals in any form, no dangerous stimulants, no mercury or poisons, and is the only kidney medicine that does not constipate.

Druggists sell it in 50-cent size and the regular \$1.00 size bottles.

IMHAUS GETS
SALT PALACE

Will Manage That Resort the Coming Season.

WILL BE COMIC OPERA THERE

SCENIC RAILROAD, "SHOOT THE CHUTES" AND OTHERS.

A contract was signed yesterday by which Louis A. Imhaus, formerly manager of the "Corlinton" company, will assume the management of the Salt Palace the coming season. Mr. Imhaus will assume entire charge of the resort, and proposes to make of it one of the places of amusement of the city. It is to be remodeled from top to bottom, and a line of attractions never before seen in the city will be secured. Comic opera will be heard in all its glory, a dancing pavilion will be built and side attractions will be numerous. The place will be run winter and summer hereafter, with new attractions every week.

Mr. Imhaus and wife leave today for San Francisco, where they will remain until April. They will then return to this city with the "Corlinton" company, and Mr. Imhaus will then take hold of the Salt Palace. Mr. Imhaus, in talking of the matter last night, said: "We propose to make of the Salt Palace the resort of the city. It will be a place where the amusement-loving public will find everything to please their tastes. Mr. Heath, the owner, will plant a large number of shade trees and the place will be brilliantly lighted. A dancing pavilion will also be built, where dancing may be indulged in at all times. A good orchestra will be in charge of Professor Landrum. We propose to make of it a kind of school where patrons of the resort may have the most competent instruction in fancy dancing.

"Shoot the Chutes."

"We will also build a scenic railroad and establish a 'shoot the chutes.' Besides these, there will be numerous other side attractions. The theatre will be remodeled and made more comfortable. Boxes and stalls will be provided. I propose to put on the best comic opera that can be secured. The leading persons will be brought here from New York. I also propose to make use of local talent in the musical line, and the place will be in charge of a competent dramatic instructor. Local people of talent will have a chance to get a good theatrical training.

"I propose to bring out a good band from New York and the best of music will be furnished. A special feature will be made of high-class musical comedy. These concerts will be given each Sunday, and at intervals during the week.

"Besides these attractions we will bring out troupes of performers from San Francisco and New York as specialty performers and a varied programme of amusements, such as might be seen in San Francisco during the Mid-Winter fair, will be furnished.

Will Run During Winter.

"We will keep the resort running during the winter as well as in the summer time. In the winter there will be theatrical and musical performances and other entertainments suitable for the winter season."

While Mr. Imhaus is in San Francisco he will make arrangements for a number of attractions which he expects to have at the resort. When he returns here he will then make a trip to New York and arrange with the performers he proposes to bring out from there.

Last night Mr. Imhaus received from the Deseret Dramatic syndicate a letter of recommendation praising him most highly for the successful manner in which he had handled the "Corlinton" company while he was manager. With the letter was a certificate showing that he was the owner of 1,000 shares of the stock. This was presented to Mr. Imhaus as a token of appreciation from the syndicate for the work he did with the company.

Amusements

The University Musical Extravaganza given under the auspices of the University of Utah band for the benefit of the Athletic association of that institution yesterday afternoon and last night in the Salt Lake theatre, was an artistic success. The audiences, however, were not such as to encourage a repetition of the production. The performance was given sans carots, sans celery, sans everything in the vegetable line, but it was decidedly entertaining throughout.

There were something like seventy-five performers in various acts and when they were all on the stage at the same time the color effect was great. The music of the programme, which consisted chiefly of musical numbers, were a black face quartette composed of Frank Foot, Henry Burmaster, Orvery Post and Harry Goodwin; Alfred Best and Elsie Barrow Best, who sang charmingly a Spanish serenade, assisted by a troupe of troubadours; Stanley Jonsson, who, as Bridget Killarney, did some wonderful dancing, and Elbert Thomas as Happy Hooligan. The band of the university gave several numbers and some very enjoyable solos were sung by Miss Ruth Wilson and E. D. Anderson, Jr. Hugh Rippeto and Freeman Bassett did some illuminating club singing that made a decided hit and the choruses were worth going a long way to hear.
